THE HEALTHCARE MULTI-SPECIALIST

With over 60 years' experience in the healthcare sector, Gerflor has become a true expert in this field, creating, manufacturing and marketing innovative, decorative and environmentally responsible flooring and related solutions.

A SINGLE SUPPLIER SOLUTION FOR HOSPITALS AND HEALTHCARE FACILITIES

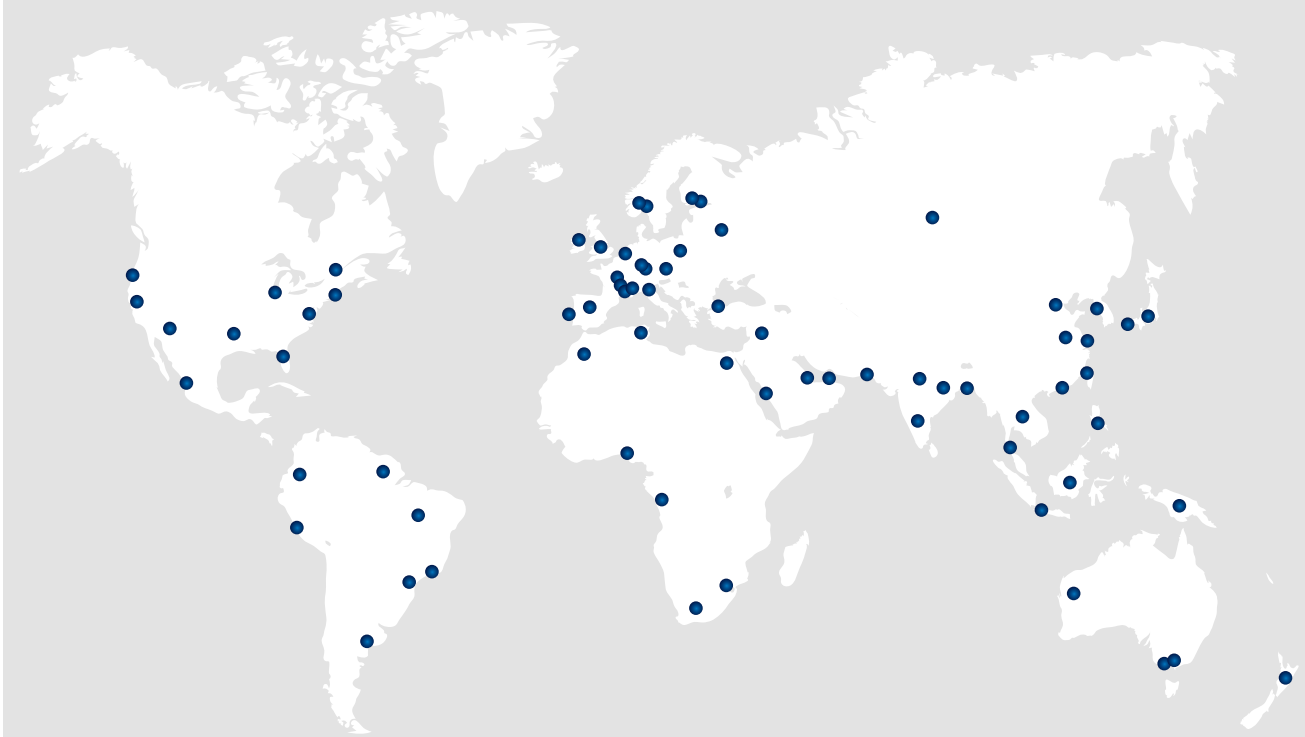

With the combination of proven solutions for flooring, wall, corner, and door protection, handrails and wall covering, Gerflor provides seamless surface protection and a holistic approach to your requirements for:

- Hospitals
- Nursing and retirement homes
- Palliative care premises
- Rehabilitation facilities
- Mental health facilities
- Care and support centres for the handicapped.

INTEGRATED SOLUTIONS

GERFLOR PROVIDES THE MOST COMPREHENSIVE RANGE OF:

- Flooring
- Wall protection
- Handrails
- Corner protection
- Door protection
- Interior finishes (skirtings, entrance mats...)
- Technical solutions (adhesives, tools...)

A fantastic opportunity for our customers to have a combined and complete floor, wall and finishes offer. Gerflor has perfectly adapted its offer to healthcare establishments expectations.

- Unique combination of comfort acoustic/compact and slip resistant flooring
- Perfect colour combination of walls and floors

In addition, Gerflor offers very specific systems for very specific applications such as:

- Shower systems
- Stairs
- Full coving system
- Warning surfaces, orientation strips,...

DURABILITY

Gerflor flooring has a high **resistance to pressure point loading**. Whether static (furniture and beds) or dynamic (wheelchairs, walking frames and trolleys), products made to last: durability of designs, **resistance to abrasions**, **dimensional stability**

- For example, Taralay Premium has the **thickest wear layer on the market** (>1mm) for multi-layered flooring

Wall impact resistance and absorption: SPM wall protection products protect against impact from trolleys and wheelchairs, whatever the impact.

EASY MOVEMENT OF WHEELED EQUIPMENT (GERFLOR EXCLUSIVITY)

- Easy movement of beds and trolleys: Wheeled equipment can be easily rolled in all directions. Starting force and pushing reduced by 35%.
- Very good dynamic load resistance of hospital beds, etc.
- All Gerflor floorings are suitable for Automated Guided Vehicle Systems

KTP Hospital (Singapore)

The Automated Guided Vehicle System (AGV) is installed under Gerflor flooring. A rail system beneath the floor enables the remote control of vehicles. This automatic guided vehicle is used for delivering food and medicine; it can even get rid of waste.

ENHANCED HYGIENE AND INFECTION CONTROL

Canberra Hospital Neuroscience clinic (Australia)

"The smooth and compacted aspects of the products enable easy maintenance and limit the risk of infection."

Anti-bacterial activity

Gerflor multilayered floorings are equipped with surface treatments: ProtecSol®2, ProtecSol®, Sparclean®, PUR. Gerflor Homogeneous floorings are equipped with Evercare™ and PUR surface treatments.

The implementation of an effective cleaning regime is the most important defence against infection.

- According to ISO 22196, selected Gerflor floor coverings inhibits the growth of bacterias (E.coli - S.aureus - MRSA).

Anti-bacterial Handrails

- Research has shown that 75-90% of all hospital acquired infections are passed on by hand borne transmission. The majority of contamination collects at the junctions between handrail profiles and their finishing accessories. To avoid contamination, SPM handrails are fitted with a bactericidal joint.

Seamless construction

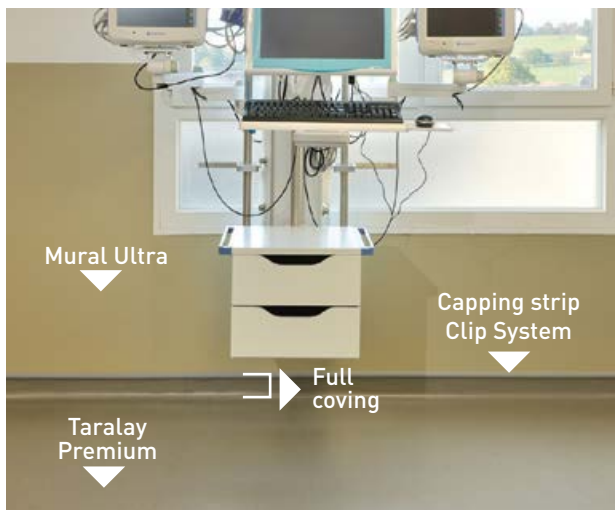

- Gerflor floor coverings and wall protection panels are welded together to provide perfect air tightness for greater hygiene.
- Hot welded for a perfect watertightness.

Full coving system for a better hygiene

- The coving system makes it easier to clean inside angles and edges. It gives a waterproof connection wall/floor covering.

HYGIENE & EASY MAINTENANCE

EASE OF MAINTENANCE & REDUCED MAINTENANCE EXPENDITURE

NEW GENERATION OF SURFACE TREATMENTS

■ EVERCARE™ Technology an exclusive patented technology by Gerflor

THE BEST CHEMICAL STAIN RESISTANCE SURFACE TREATMENT

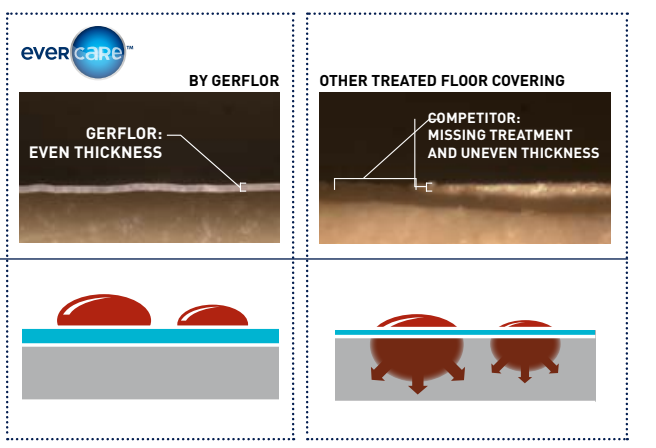

Highly Durable: Exclusive surface treatment applied by UV laser cross-linking provides superior durability and an even surface thickness, creating an impenetrable barrier against stains and chemicals found in healthcare.

Longer life expectancy.

100% non-porous surface:

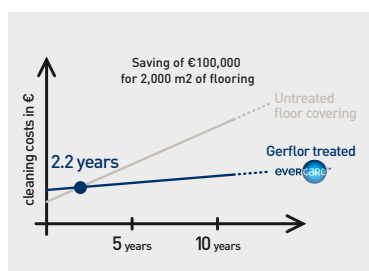

The surface treatment creates a 100% non-porous barrier to all liquids and chemicals, keeping all stains floating on the surface.

Simple and easy stain removal.

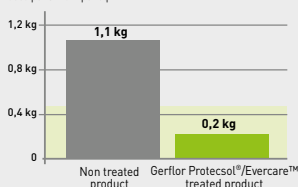

■ No wax ever (no restoration)

► Save water and detergent

Low environmental impact

Average amount of Chemical Cleaning Agents used per annum per sqm

■ Mat effect and long lasting colour brightness

Patrick Michael Associates Analysis

"Patrick Michael Associates (a Life Cycle Cost consultancy), has carried out a comprehensive analysis on flooring products in the healthcare sector. It shows the preferred choice should always be the one which produces the lowest whole life cost. This emphasizes the fact that Gerflor floors are the preferred choice thanks to their patented surface treatments which guarantee very low maintenance."

COMPLEMENTARY RANGES FOR ENHANCED HYGIENE & CLEANLINESS

- SPM wall protections & handrails to prevent dust and germs

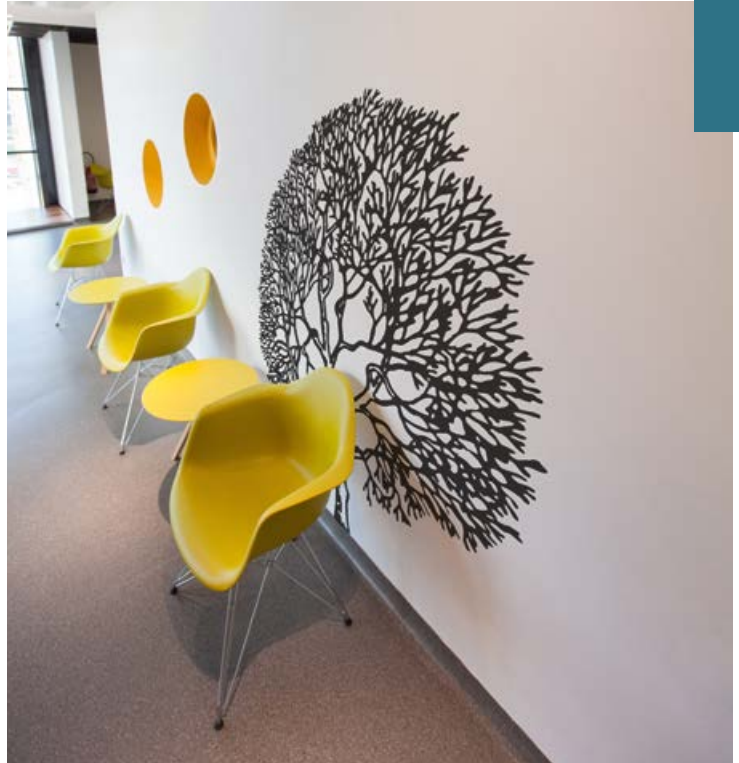

- Romus entrance mats to prevent premature soiling and wear of floorcoverings

For more information on effective cleaning, visit Gerflor website / Technical documentations section

PATIENT AND STAFF WELL-BEING AND RECOVERY

- Provides **cushioning** underfoot
- Excellent **sound insulation** properties: up to 16dB (Toralay Premium)
- Significantly reduces **impact sound** or walking resonance inside
- **Customized flooring** (My Toralay) and **wall protection** (Decoprint)

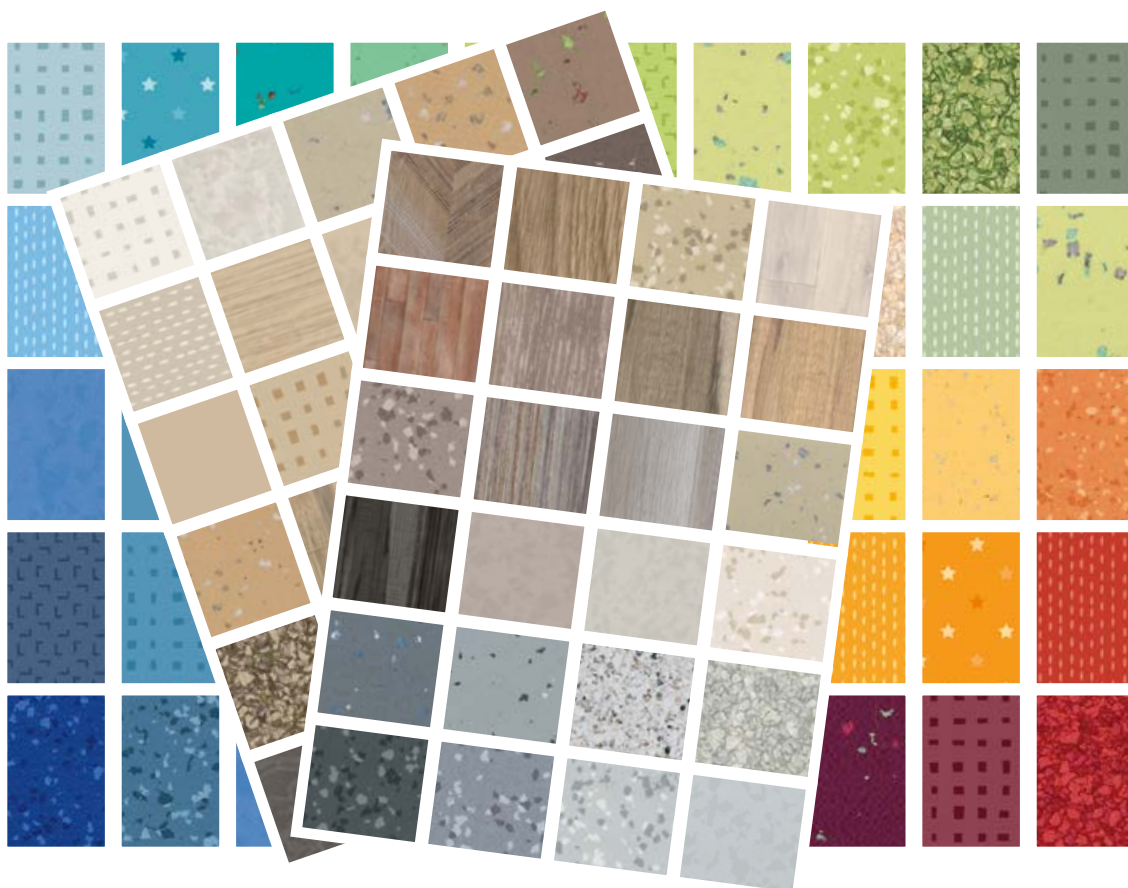

WIDE PALETTE OF DECORS/COLOURS

- **1000** colours in a wide range of designs (wood, plain, marbled, pearlescent)
- Coordinated **Compact & Comfort** version
- Coordinated **floors, walls and finishes**

Royal Women's Hospital, Victoria (Australia)

«Gerflor can provide decorative images due to high pressure water cutting customising floors for any area. This was a real addition to the hospital making it very welcoming for patients and staff.»

SECURITY

- **Tarasafe slip resistant flooring:** corridor, bedroom, shower...
- **SPM handrails** to provide safe support to **aid mobility**
- Fire resistant due to **limited combustibility** through a low surface spread of flame and low fire
- The **wide palette** of colours of the SPM range will support visual signage.

ACCESSIBILITY FOR ALL

The first flooring manufacturer to offer a complete package which meets the needs of all users including disabled or people with visual impairments and to enable access in public buildings for all.

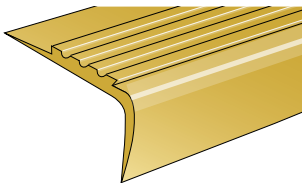

- **Easy access** for all users including those with mobility issues and visual impairments
- The **Tarastep** range will assist visually impaired people as well as all other users differentiate between the stair riser due to the integral colour contrasted stair-nosing

STAIR NOSING INSERTS

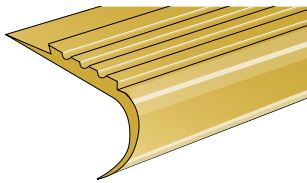

Stair solutions: Gerflor has developed complete step Tarastep or stair nosing for 100% harmony stairs/landing.

GROOVED PVC STAIR NOSING T49/4R - T49/3R - T49/2R

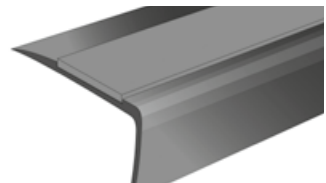

- ▶ Straight angles
- ▶ Adapted to 2, 3 or 4 mm floor covering
- ▶ Weldable
- ▶ Grooves provide anti-slip protection
- ▶ Landing/Stair harmony
- ▶ Ensures floor covering durability

GROOVED PVC STAIR NOSING T27/3R

- ▶ Rounded angles and bird's beak
- ▶ Adapted to 3 mm floor covering
- ▶ Weldable
- ▶ Grooves provide anti-slip protection
- ▶ Landing/Stair harmony
- ▶ Ensures floor covering durability

ALUMINIUM STAIR NOSING T67 ALU

- ▶ Landing/stair harmony
- ▶ Guarantees floor covering durability
- ▶ Delivered with a black strip made out of carborandum for an improved anti-slip action of the stair nosing.

ECO-RESPONSIBLE SOLUTIONS

LESS SPEAKING FOR MORE ACTION

INDOOR AIR QUALITY

COMPOSITION

- **100% REACH** compliant
- **FREE** of formaldehyde
- **FREE** of heavy metals
- **FREE** of solvent

INSTALLATION

- **Innovative adhesive free installation systems**

RECYCLED CONTENT

- **25%** average recycled content
- **100% REACH compliant** recycled content

RECYCLING

- **100% recyclable product**

LIFE CYCLE ANALYSIS

- **Eco-designed** according to a product specific Life Cycle Analysis
- **Product specific EPD** (Environmental Products Declaration) available
- **Manufactured in an ISO 14001 and ISO 50001** certified site
- **Contribution to many Green Building Schemes** (LEED, HQE, BREEAM...)
- **Exclusive surface treatments** to reduce drastically the use of chemical product and water and ensure the lowest environmental impact

INDOOR AIR QUALITY

- **TVOC emissions 10 times better than norms requirements** (TVOC < 100 µg/m³ after 28 days)
- **TVOC < 10ug/m³ after 28 days** for all products treated Evercare™ / Protecsol®2
- **Floorscore certified**
- **M1 certified**
- **Comply with AgBB protocol**
- **No formaldehyde emission**

WELLNESS

- **Health:** Antibacterial activity (inhibits growth > 99%)
- **Safety:** Anti slip performance
- **Comfort:** Walking comfort and impact noise reduction

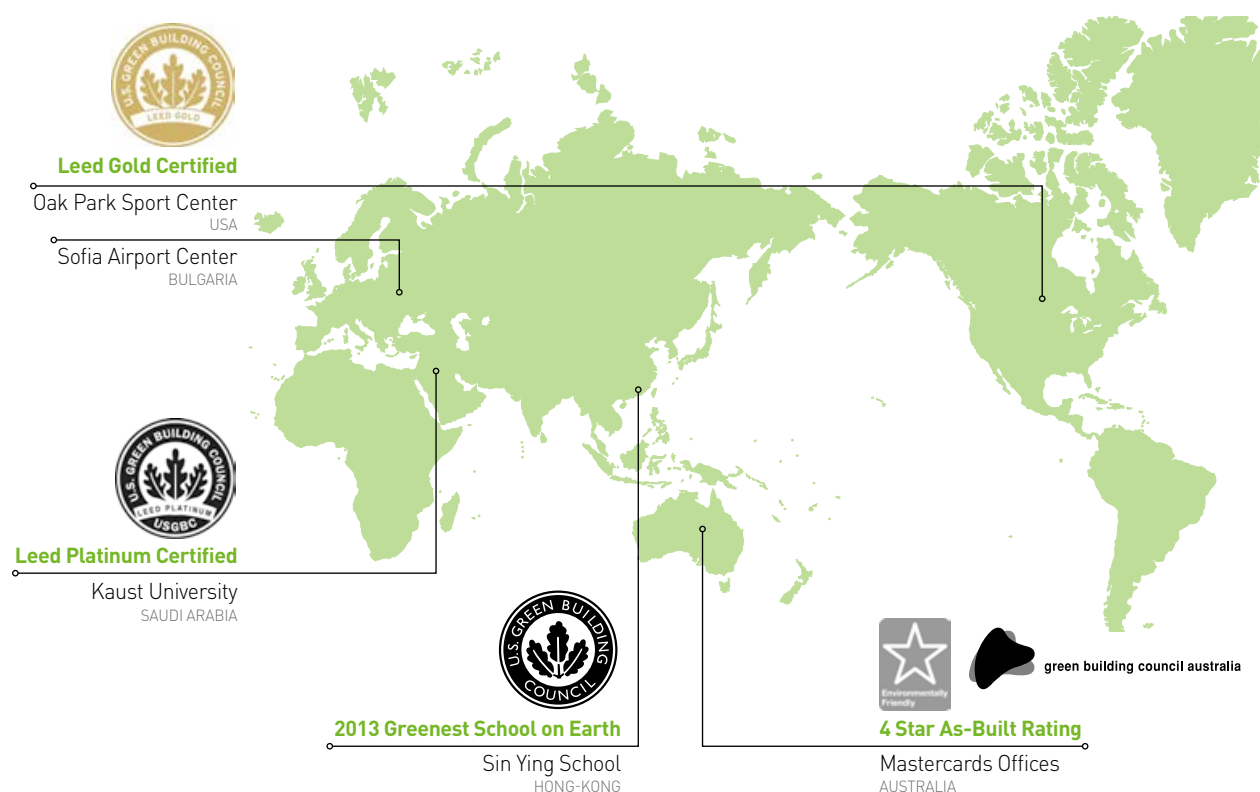

CONTRIBUTION TO GREEN BUILDING CERTIFICATION

LEED (Leadership in Energy and Environmental Design) certification

issued by the USGBC (US Green Building Council), confirms that a building or a community has been designed and constructed using strategies to improve performance by saving energy, treating water, reducing CO₂ emissions, and improving indoor air quality. Our floorings contribute to building certifications (3 levels of certification: silver, gold, platinum) because:

- Low VOC emission (Floorscore® compliant)
- High recycled content
- Product specific EPD (Environment Product Declaration)

GERFLOR'S ROLE IN ALZHEIMER UNITS

Sufferers from Alzheimer need to feel safe and reassured.

Gerflor offers colours dedicated to patient's wellbeing helping their stimulation in hospitals and care homes.

Gerflor's wide palette is suitable for Alzheimer patients

- By creating wandering paths in natural and calming colours avoiding strong contrasting visuals
- Welcoming tones such as wood for relaxing areas such as bedrooms
- Discreet patterns
- Use strong colours to define restricted areas.

KEY PRODUCT OFFER

FLOORING SOLUTIONS P 42-43

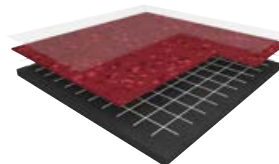

COMPLEMENTARY INTERIOR SOLUTIONS P 44-45

FLOORING SOLUTIONS
